TO OUR CUSTOMERS !

+++

We are going to reduce our stock **PAIS** at a much less cost. Don't overlook these Bargains.

Your Car is sick and needs overhauling and repairs.

Also your Tires need Vulcanising. Bring them to the New Garage and have Guaranteed Work done at a Minimum Cost.

+++

C. W. ROSSELL.

To the Electors of Stony Plain Constituency :

Having been nominated as Conservative Candidate for this Constituency, I appeal to you for your confidence in this Election and your vote on July 18th next.

Owing to the unsettled state of Political life in this Province and the many Candidates representing different ideas and opinions that are appealing to the Electorate at this time for support, and the possibility that many of them will be elected, it is advisable to have a body of members in the House who will see that nothing but sane and safe legislation is passed in the coming Sessions.

There are great problems for Alberta to face in the coming years, and it needs men of Education and ability to grapple with and solve them.

Having been an old and somewhat tried member of the House, I feel that the best interests of this District and the Province as a whole will be best served by my being returned as the member for this Constituency.

I was born and lived on a farm until I came to Stony Plain some 13 years ago, and since then I have been in close touch with the farming life of this District, and have always used my talents to promote the best interest of the farmers wherever I could. I know the needs of the farmers and feel I can represent their interest in the Legislature as well as any person in this District.

I again ask the vote and support of the Electors of Stony Plain Constituency on Monday next.

Mark your ballot thus :

F. W. Lundy,

X

SINCERELY YOURS,

F. W. Lundy.

LOCAL NEWS.

Mrs J F Clarke and daughter attended the Edmonton Fair on Monday.

Miss Jean Maxwell of Edmonton, who has been the guest of Miss Mabelle Clarke for the past week, returned home on Saturday.

Mr John Shearer has gone to Ryley, to work on the A-P elevator there.

Mr Franklin Clarke visited his parents on Sunday.

Mrs Doll and Mrs Lawrence returned home on Friday.

Alderman McArthur's son and daughter, from Edmonton, were callers at Mr J F Clarke's home on Sunday.

Mr J H Miller is making a motor trip thru the western end of this Constituency, with the ballot boxes and other election paraphernalia for deputy returning officers for use on Monday, the 18th.

Nelson Allen of Edmonton is visiting his old schoolmate, Giles Clarke.

On Sunday W. Austin made a motor trip to Duffield on a visit to his friend Mr. W. Benton.

Mr. Emil Eberhardt is the new clerk at the Royal Hotel.

The new rifles for the Club arrived Tuesday.

The Women's Institute meets at Mrs. Willie's on Wednesday, July 20, at 3 P.M.

At the Liberal meeting to be held Saturday night, Mrs Wood will give a special talk to the ladies of the district on the legislation passed for their benefit.

Mr Mills, an old-timer of this district, was in town this week of election business.

Following the example of the town council, prominent members of the Boy Scouts went out to Shrimp Lake Tuesday for their "annual."

The Edmonton Exhibition is on this week. A large number went in to it on Farmers' Day. The auto races are billed for tomorrow, the 15th.

The advertisement of the Co-operative Credit Societies, printed on page 6, gives the information to those requiring assistance along financial lines in connection with their work. The Co-operative Credit Act has been in operation for some time, and has been of great assistance to those engaged in agricultural pursuits.

There will be a free lecture given in the Town Hall on Thursday afternoon, Aug. 4, at 3 P.M. also again in the evening at 8 P.M. The lecture will be given by a trained nurse from over sea's duty on the care of the health and nursing the sick. She will illustrate her talk with moving pictures. She comes as the guest of the Women's Institute. Every one welcome to come free to this lecture. Bring your friends.

Stony Plain and District.

H Gantley, Heatherdown, and H Kemp, were business visitors on Saturday.

F M Gough, Tomahawk, was in town on Monday.

Mr. Austin shipped a car of sacked oats to Prince George this week.

St. Oswald's church reopens on Sunday, July 24th, when Rev. Pierce Goulding, rector of All Saints pro-Cathedral, will have charge of the services. The choir of the same church will be present at the services.

A meeting was held in Warden school house, Tuesday in the interests of Mr. J. Miller the Liberal Candidate, which was well attended.

A perfect new Fairbanks-Morse scale was installed this week by the Atlas Lumber Co. The machine was sold through the local agent, Mr. R. Heichen.

Mr R Wood paid 10c for hogs this week.

Mr H. Schincke of Duffield is spending the week in Edmonton.

Liberal Rally, in Stony Plain, Saturday at 8 p.m. Addresses by J. Miller, Dr Oatway and others.

The baseball game at Spruce Grove the beginning of the week between the Indians and local team resulted in a win for the latter by 15 to 12.

Spruce Grove members of the United Grain Growers will hold a meeting in the Garage Spruce Grove on Monday July 26th.

Manly local U.F.A. are holding a big picnic on Wed. July 20th, with races of all kinds on the bill.

Services were held in Mewasin school house on Sunday evening last.

In the Pembina Constituency Dr J H Phillips is the Liberal candidate; A R Brown for the U.F.A.; and J Armitage, Farmer-Conservative.

Vernon W Smith, U.F.A., is in the field against Hon George P Smith, Minister of Education, in Camrose Constituency.

In Lacombe Mr. W.F. Puffer, who was beaten in May 1917, by Dr. Gilmour, and in December, 1917, by Dr. Clark in the Federal Riding, is up again, and is being opposed by Mrs Walker Parley, U.F.W.A.

Spuds which Are Making Stony Famous.

The Famous Stony Plain potatoes are already on the market and local merchants were selling new potatoes supplied by Mr Strassburger, as well as new carrots, all of a big size. How's that for Stony Plain? Note the day—July 8.

It may be interesting to some of our readers that the Government are experimenting with different varieties of potatoes at Mr Klapper's, and we will be glad to see how these experiments come out.

Did we hear that Stony Plain was going to have a starch factory? Where did we get that idea?

Washburn's Meetings.

Although the U. F. A. candidate seemed late getting in the field, amends have been made by holding numerous meetings, two or three being billed for every evening since the candidate was picked.

At the meeting Thursday evening at Glory Hill the hall was packed when the proceedings opened.

Mr H Giebelhaus presided, and introduced the candidate, Mr Washburn, who explained the principles on which the political platform of the U. F. A. is based, going over the planks in the platform one by one, and making the meaning of each clear to the audience.

Mr Fred Wolf spoke next, and dealt with the present situation from the farmer's point of view. His remarks seemed to be appreciated by the bigger part of the audience. Mr Wolf spoke in English and German.

Mr George E Martin, the well-known U.F.A. advocate, made a neat and appropriate speech, and was followed by Mr Fred Spadie, who made a few explanatory remarks to that portion of the audience which spoke Russian.

Mr Wm Bristow, the well-known politician, was given an opportunity to reply to some of the statements made, and in a quiet, effective manner, made out a good case for the Stewart Government, and claimed it deserved credit for the efforts it has put forth on behalf of the farmers.

Meeting at Duffield.

Mr Washburn held a meeting in Duffield, Saturday afternoon at which a good crowd was present. Mr Washburn's remarks were listened to attentively. Several others spoke on behalf of the U.F.A. Towards the close, Mrs Wood of Stony Plain was accorded an opportunity to speak on behalf of the Liberal candidate, Mr Miller. This lady gave a number of reasons why supporters of the Stewart Government should be returned at this particular time. She noted, especially, the efforts on behalf of women which the Government had made during the past few years, and drew attention to the numerous enactments which had been put on the statute book giving women equal rights with men.

The U. F. A. meeting at Garden Valley Tuesday night was addressed by the candidate, Mr Washburn. Several others made addresses along the well-known U. F. A. lines, and were given a good reception.

Mr Lundy's Campaign.

At the Conservative rally, in town, Wednesday evening, Capt Levy, a returned man, was the first speaker on the platform, and gave reasons why Stony Plain Constituency should re-elect F W Lundy.

Mr Lundy, the next one to address the audience, gave an interesting account of the proceedings in the Legislature during the four years he had been a member, and claimed that, although on the wrong side of the House, he was able to see that his constituents had their requirements attended to. He touched on the Government phone system, and quoted from statistics to prove his statements.

When a representative of the Liberal candidate was called for, Dr Oatway took the platform, and made an address in which he defended the Stewart Government and made a very able plea for the election of the Liberal candidate, Mr Miller.

Mr Klapper appeared for the U.F.A. candidate and delivered a very able dissertation on the aims and objects of the Farmers' Party. He showed that, although the party was originally banded together for economic reasons they found they could further their interests by taking political action.

To attempt to give a full report of the able address delivered by A F Ewing, leader of the Conservative party, would hardly be possible, even if time and space permitted. Suffice it to say that the speaker went over the ground in a very thorough manner, dwelling on the subjects of railways, phones, roads, autos, etc. He was able to take the dry facts and present them in an interesting way, drawing the usual conclusion. His remarks kept the audience interested, and at the close he was given a round of very generous applause.

Mr F W Lundy held a very successful meeting at Spruce Grove on Saturday evening last, when Schwindt's Hall was packed with electors who had come to hear the Conservative point of view explained.

Mr Lundy dealt with the questions before the people at the present time, in this Province, and gave an account of his stewardship since last asking the electors to return him as their Representative in the Assembly.

Among the other speakers was Mr H H Hyndman, of Edmonton, who made an earnest appeal for the return of the Conservative Candidate.

Mr Jones of Edmonton also gave an able address.

Mr Lundy's friends are doing considerable hustling in this part of the Riding for their candidate.

Football League.

A very good game of football was played on local grounds on Saturday evening between Rosenthal and Spruce Grove. Some good playing was seen during the contest, Rosenthal having their best men in the game. Full time was played without either side scoring. This was the 1st game in the new 3-team league schedule.

The 2nd game was to have been played here, with Rosenthal team Tuesday night, but not sufficient of the latter players showed up and a game was played between members of the local club.

Waste and Its Effect On Prices

One of the most important problems confronting the people in nearly all countries is how to bring down the costs of production to figures more nearly approximating those which prevail in the wage. It is likewise the most difficult problem to solve without creating conditions which would be even more disastrous than the present handicap imposed upon all productive enterprise.

The war created conditions which resulted in a rapid and phenomenal rise in the cost of all raw materials and labor; in fact, of everything entering into the production of goods and articles of every description. The inevitable result was an enormous increase in prices, and the war's demands kept up production to top-notch capacity, with the ending of the war and the re-stocking of the world's supply of necessities, there has come a falling off in demand and consequently in production because people cannot pay the prices which present costs of production make it imperative to charge. The result is unemployment, and the greater the number of unemployed the lower falls the purchasing power of the country. There must, therefore, be a decrease in the costs of production before there can be any marked improvement in the volume of business and of employment.

It is clear, therefore, that there must be a further readjustment. Prices of raw materials have fallen, but the cost of labor necessary to convert these materials for use continues so high, and the cost of transporting both raw materials and the finished products so excessive, that there is not the activity in evidence which the economic needs of the country and all people demand. And labor very naturally insists that it cannot work for a materially reduced wage until there is a reduction in costs of living.

There is one field, however, in which labor can do much to remedy the present situation and reduce costs of production without being obliged to accept lower wages, and the action which labor should take in the interests of all will not operate to further decrease employment but, on the contrary, the effect must be to increase employment. The action which labor should take is to remove the many restrictions which are arbitrarily imposed by their union regulations which operate to increase costs of production out of all proportion to the actual work involved in production.

Reference was recently made in this column to the waste of time, labor and money involved in the insistence by printers that type set up for one purpose, say an advertisement in a newspaper, must not be used for another purpose, as, for example, in a piece of job printing, but that the same matter must be set up twice. This is pure waste, but the printers insist upon it under the mistaken idea that they are thereby creating more employment. As a matter of fact by unnecessarily increasing costs they are actually curtailing employment.

One of the most serious handicaps to business today is the excessively high railway freight rates. These unduly high charges are affecting every line of business and production. These high rates were partly brought about during the war by the high cost of raw materials, but these costs are now substantially lower. Wages, however, are still high. But the most serious item in costs of railway operation are the new regulations imposed by the railway unions which force the employment of three, four and five men to do a piece of work which one man, or a man and a helper, can do as well and even more expeditiously. The labor of the others is pure waste, for which the public is compelled to pay, and which necessitates excessive freight and passenger rates in order to pay for this waste.

Toll is taken on every bushel of grain raised, every head of livestock shipped, every load of lumber or coal, every item of merchandise handled, to pay for this waste. Nobody escapes from paying for a share of this waste. The railway employee who fancies he is profiting from enforcing these economically unsound regulations pays just as do other railway employees, union labor everywhere, and the people generally who know they do not benefit in any degree from having men employed in the doing of unnecessary and totally unproductive work.

Dean Swift, in one of his famous satires makes the King of Brobdingnag express the opinion that whoever could make two ears of corn, or two blades of grass to grow upon a spot of ground where only one grew before, deserved better of mankind and did more essential service to his country than the whole race of politicians put together. Unfortunately for the present age, organized labor seems to have become permeated with the idea that the wise, proper and statesmanlike course is for a man to produce only one-half or one-third as much as he is easily capable of producing, and to insist that several men should be employed to do what would be only a reasonable day's work for one.

In next week's article some recent disclosures resulting from an official inquiry will be cited as indicating the direction in which reform must come in order to right, or at all events improve, existing economic conditions in this and other countries.

Fur Auction

\$300,000 Worth of Pelts Offered For Sale In Winnipeg.

Three hundred thousand dollars worth of pelts were offered for sale in June by the Winnipeg Fur Auction Sales Company. The sale included the entire collection of the Lamson-Hubbard Canadian Company's Mackenzie and Arctic furs. All of the furs which were presented at this fair were guaranteed to be of this season's catch.

Invalids' Chairs Licensed.

In England the rolling-chairs used by invalids and others have to carry a motor license.

Minard's Liniment for sale everywhere.

What Did He Mean?

"I'm glad you're home early, dear," said the young bride. "I've made some lovely biscuits for dinner."

"Good!" exclaimed Hubby. "Oh, that reminds me, I took out a \$10,000 life insurance policy today."—New York Sun.

Feed the body well

Right food for the body is more important than right fuel for the engine.

Grape-Nuts

is a scientific food, containing all the nutriment of wheat and malted barley. Grape-Nuts digests easily and quickly, builds toward health and strength — and is delightful in flavor and crispness

"There's a Reason for Grape-Nuts"

New Use For Seaplanes

Fish Eggs Carried From Hatcheries

To inaccessible points on the coast the seaplane has been found on the Pacific coast by officials of the department of marine and fisheries working in co-operation with the air board officials at the Vancouver seaplane station. It is in carrying fish eggs from the hatcheries to otherwise inaccessible parts of the coast line, where eggs can be placed under water in special boxes invented by one of the fishery officers and allowed to complete hatching there. Patrols are also being undertaken, in connection with the fisheries department officials to circumvent fish poachers who stray into forbidden waters.

Dining saloons on the Argentine railways are being furnished with pianos.

RHEUMATISM

Is Your's Acute or Chronic?

In either case you'll get such results from good old Nerviline which has five times the pain destroying power of ordinary remedies. Nerviline gives results because it penetrates to the source of the pain, because it contains ingredients that destroy rheumatic pains. It is the unusually bad case that proves the power of Nerviline. Suited for young and old; used internally and externally for many purposes, 35c at all dealers.

In India an elephant that has twenty tons is considered more valuable than the sacred white elephant is in Siam.

Cuts and Bruises Disappear.—When suffering from cuts, scratches, bruises, sprains, sore throat or chest and any similar ailment, use Dr. Thomas' Electric Oil. Its healing power is well-known in every section of the community. A bottle of Dr. Thomas' Electric Oil should be in every medicine chest ready for the emergencies that may always be anticipated.

It's advisable for a young man to make haste slowly if the girl has another string to her bow.

RED HOT JULY DAYS

HARD ON THE BABY

July—the month of oppressive heat; red hot days and sweating nights; is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives, every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on suddenly will banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

An Inland Sea Voyage

Ideal Vacation Trip By Lake To and From Eastern Canada.

An unfulfilling cure for every ill that is not positively incurable, is Eastern Canada, two days and two nights on the water, in the freshest of fresh air in the world, to the accompaniment of the finest social, or secluded environment known to human experience, is what the Canadian Pacific Great Lakes steamship service offers throughout the summer months.

The price is but a mere song. The bill of fare is without parallel in any holiday programme. The congeniality of the thing eclipses anything you have yet known. The succession of wonderful sights, landscape glories, engineering marvels, historic landmarks met with on a very daring every waking hour, absolutely beggars description.

Here's a heaven-sent opportunity for every soul seeking rest and restoration of body and mind, from the hard toiling business or professional citizen who has "run a little below par" to the saddest memorial of human frailty, hidebound to all advice from those who are compelled to live with him. A post card to any Canadian Pacific Agent will bring you every detail of this wonderful vacation tour of rejuvenation.

Minard's Liniment Relieves Neuralgia

W. N. U. 1376

Edmonton Woman Now Eats Better and Feels Better Than In Years

"It certainly is wonderful how quickly the right medicine will get a person feeling well again," said Mrs. Edward Fuller, 12436 122nd St., Edmonton, Alberta.

"When I began taking Tanlac I was so weak and run-down I could hardly hold out through the day. Nothing I ate tasted good to me and I just had to force myself to eat enough to keep alive. I had a headache every day and was restless and nervous and slept so poorly that I

was worn out and listless when morning came.

"Inside of a month, Tanlac had me feeling like an entirely different person and I am now eating, sleeping and feeling better than I have in years. My headaches and nervousness soon disappeared and my household, which had been a drudgery before, actually became a pleasure.

"In my opinion there never was a medicine made that is the equal of Tanlac."

Tanlac is sold by leading druggists everywhere.

A Dangerous Place.

An Irishman visiting a friend in hospital began to take an interest in the other patients.

"What are you in here for?" he asked one.

"I've got tonsillitis, and I've got to have my tonsils removed," was the answer.

"And you?" he asked another.

"I've got blood-poisoning in the arm, and they're going to cut it off," was the reply.

"Holy Moses," said Pat in horror. "This is no place for me. I've got a cold in me head!"

It is easier for a father to keep his coin and his boy apart than it is to teach them to stick together.

It Will Relieve a Cold.—Colds are the commonest ailments of mankind and it neglected may lead to serious conditions. Dr. Thomas' Electric Oil will relieve the bronchial passages of inflammation and will strengthen them against subsequent attack. And as it eases the inflammation it will stop the cough because it always all irritate in the throat. Try it and prove it.

The public libraries of Great Britain circulate nearly 60,000,000 books a year.

CLARK'S

Pork and Beans

Clark's Pork & Beans
WITH CHILI, TOMATO OR PLAIN SAUCE
A real treat. Every bean cooked just right in the great Clark ovens. Never hard, never mushy, and the seasoning is delicious.

At Dealers Everywhere

You Can Prevent 40 % Annual Depreciation in Your Car, Truck or Tractor

by using a lubricant that will stop friction which is the great foe to gear life. Go into any repair shop and see the number of cars being overhauled because some owners think that all lubricants are equally good. Repair men will tell you that half of their business results from imperfect lubrication.

Whitmore's Gear Compositions

are not affected by changes of temperature. They are actively fluid in the colder weather, and in extreme heat and at high speeds they constantly preserve an indestructible film on the bearings, preventing contact of metal to metal.

WHITMORE'S do not evaporate under extreme heat, the level is not reduced. Run it through a strainer and put it back in your car, truck or tractor. You can use it over and over again. One installation will last eighteen to twenty-four months where there is no leakage. Considered on a mileage basis no lubricant is so economical as Whitmore's.

COST LESS PER POUND—THEY COST MORE PER MILE. Don't ask for a grease—ask for Whitmore's Auto Gear Protective Composition, manufactured by The Whitmore Manufacturing Co., Cleveland, Ohio.

World Happenings Briefly Told

Tokio, the capital of Japan, is to have an underground railway.

Circulation of dimes, pennies, nickels, quarters and half dollars in the U.S. amounts to \$261,319,628 and silver dollars to \$7,581,548.

Fort Norman oil is of such high grade that it did not freeze last winter, even during 58 below zero weather.

Three hundred convicts from prisons in New York State have been divided into "honor gangs" and put to work on road building.

The volume of travel on the Great Lakes this summer is unprecedented according to H. B. Smith, president of the Northern Navigation Company.

The first estimate places the wheat crop of Italy at 180,000,000 bushels, compared with 141,000,000 last year and 169,000,000 in 1919. The crop outlook in Rumania is favorable.

On account of the crime wave at present existing on the island of Montserrat and inadequate police protection, burglary insurance companies have advanced their rates from 25 to 100 per cent.

Maxim Gorky's communist wife, Mme. Andreeva, has succeeded in passing the Soviet frontiers in an effort to escape starvation, which is causing many of the Red leaders to leave Moscow for diplomatic jobs elsewhere.

A party of 30 ex-Imperial service men, who were granted free transportation from England, arrived in Winnipeg recently. Practically all of these men are going to work on Manitoba farms for a year before taking up land of their own.

Yuku Osaki, former Prime Minister of Japan, on the conclusion of a 10,000-mile campaign of the empire in behalf of limitation of armaments, declared his conviction that the United States Government proposed a conference on limitation of armaments it would meet with an eager response throughout Japan.

PAINS SO BAD—STAYED IN BED

Young Mrs. Becroft Had Miserable Time Until She Took Lydia E. Pinkham's Vegetable Compound.

Hamilton, Ont.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Compound to several friends."—Mrs. Emily Becroft, 269 Victoria Ave. N., Hamilton, Ontario.

For forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It is made from native roots and herbs and contains no narcotics or harmful drugs. For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

W. N. U. 1376

Study Geological Formation in North

To Investigate Oil and Mineral Resources of MacKenzie River District.

The Geological Survey has sent four field parties to investigate further the oil and other mineral resources of the MacKenzie River district. Special attention will be paid to the examination of the succession and fold structure of the Devonian sediments in the Fort Norman district, where oil was obtained last fall by the Imperial Oil Company, and to the systematic mapping and study of the geological formation on each side of the MacKenzie River between Great Slave Lake and Fort Norman.

DO YOU FEEL LIKE THIS WHEN YOU WAKEN?

Do you feel blue sickly, heavy, too tired to get up? If so, it's probably your liver which is slow, and needs to be toned and stimulated by Dr. Hamilton's Pills. It's a wonderful change. Dr. Hamilton's Pills will make in a few days. They relieve the system of poisonous wastes they aid the stomach, improve digestion, increase your appetite. You'll feel like new all over after using this health-bringing medicine. Thousands have proved it. Sold everywhere in 25c boxes, or The Catarrhicine Co., Montreal.

English Boys for Canadian Farms.

On board the Canadian Pacific Railway steamship Victoria which arrived at Quebec recently was a party of twenty-eight English orphan boys en route to Sherbrooke, where they will be instructed in the rudiments of Canadian farming and after a course of one or two months will be sent out to different farms in the Dominion.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms pass from the child without being noticed and without inconvenience to the sufferer. They are painless and perfect in action, and at all times will be found a healthy medicine, strengthening the infantile stomach and maintaining it in vigorous operation, so that, besides being an effective remedy, they are tonic and health-giving in their effects.

Shark Fishing at the Coast.

Five hundred and thirty-six in less than two hours is the catch announced by the Anglo-British Canadian Company, Limited, which organization is now prosecuting the shark fishing industry in the gulf of Georgia.

STOMACH TROUBLE DUE TO THIN BLOOD

It Usually Disappears When the Blood is Made Rich and Red.

Thin blood is one of the most common causes of stomach trouble. It affects the digestion very quickly. The glands that furnish the digestive fluids are diminished in their activity, the stomach muscles are weakened and there is a loss of nerve force. In this condition of the system nothing will more quickly restore the appetite, digestion, and normal nutrition than good, rich red blood.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and this enriched blood strengthens weak nerves, stimulates tired muscles, and awakens to normal activity the glands that supply the digestive fluids. This is shown by an improved appetite, and soon the effect of these blood enriching pills is evident throughout the whole system. You find that what you eat does not distress you, and that you are vigorous instead of irritable and listless. If your appetite is fickle, if you have any of the distressing pains and symptoms of indigestion, you should at once take Dr. Williams' Pink Pills and profit by the better condition in which they will put your blood.

These pills are sold by all dealers in medicine, or you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A large nest of wasps will account for at least 24,000 flies a day, says one naturalist.

MINARD'S "KING OF PAIN" LINIMENT

Blistered Feet, Sore Feet, Tired Feet, Burns, Itching Feet.

After a hard day's work or a long tramp and your feet are so weary you can't walk, rub them with this MINARD'S LINIMENT. It cools you and you will never be without a bottle.

Tangerine Chiffon For Evening Party

By Marie Belmont.

Among the decorations that are much in vogue at this time are beads. Sometimes these are extremely large or again they may be quite tiny when they are massed together to achieve a decorative effect. On this evening gown small and large alternate where they are used to outline the dress. It is fashioned, very simply. The skirt is designed with an irregularly draped tunic that is prettily weighted by the beads. The corsage is made with a deep U-opening. A small piece of the chiffon is inserted in the opening, the upper part being bound with lace, while the girle is enriched with flat silk roses.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

A marine grass found extensively in Japanese waters yields a fibre which, when mixed with cotton, both strengthens and cheapens thread, which is usually made of cotton alone.

Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to be relieved except through a sure preparation as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has given relief to a generation of asthmatic victims of the scourge of the bronchial tubes. It is sold everywhere.

A town cannot grow without business. By helping your local dealer you assist the community.

PIMPLES ON FACE CUTICURA HEALS

Caused Disfigurement, Itchy and Burning, Had Restless Nights.

"My face came out in little pimples that were sore, and I scratched them constantly, and then they turned into scales, causing much disfigurement. The skin was so itchy that I irritated it by scratching. The burning was fierce, and I had many restless nights."

"This trouble lasted about a year before I used Cuticura Soap and Ointment, and after using three cakes of Soap and two boxes of Ointment I was healed." (Signed) W. Byron St. Basile, Que., Nov. 23, 1918.

Make Cuticura Soap, Ointment and Talcum your daily toilet preparations.

Soap 25c, Ointment 25c and Talc. Sold throughout the Dominion. Canadian Depot: Lyman, Limited, St. Paul St., Montreal. Cuticura Soap where sold without cost.

Pretender to Throne of Russia. Despite the overwhelming evidence that the life of the Czarevitch was not spared, a pretender to Russian authority has arisen and is likely some day to prove to be a thorn in the Soviet flesh.

As in other cases of lost nobility this false Alexis has not found any difficulty in rallying a certain number of peasants to his cause.

Big Gold Production

Production in British Columbia This Year Will Aggregate \$3,500,000.

It is estimated that gold production in British Columbia this year will aggregate \$3,500,000, or nearly one million better than last year. The Rossland Mines, which yielded gold to the value of around \$600,000 last year, will have an output this year of \$1,500,000. The next largest producer will be the Surf Inlet Mine, of Princess Royal Island, with a production of about \$1,000,000.

If Tormented With Corns, Use Good Old "Putnam's"

It's really a simple thing to remove your corns, and without pain, if you apply Putnam's Corn Extractor. It acts like magic, lifts the corn, root and branch, leaves the skin smooth as silk. No failure with "Putnam's," 25c everywhere.

Hall's Catarrh Medicine

There is a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This is because while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All druggists. Circulars free. E. J. Cheney & Co., Toledo, Ohio.

Spend your money at home, thereby helping your own town and local merchants.

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother Graves' Worm Extirminator.

Increased Immigration

Immigration to Canada for the month of April, 1921, totalled 15,052 in comparison with 13,287 in April, 1919, an increase of 13 per cent. Of the total newcomers 8,476 were from the British Isles, 5,035 from the United States, and 1,541 from other countries.

Minard's Liniment for Burns, etc.

Plan Your Vacation Trip

Special Summer Tourist Fares to the Pacific Coast.

Special Summer Tourist tickets to Vancouver, Victoria, Seattle and other Pacific-Coast points are now on sale daily by the Canadian Pacific Railway. These tickets will bear a final return limit until October 31st, and permit stopovers en route, which gives travellers an opportunity of visiting some of the beautiful resorts in the Rockies, such as Banff, Lake Louise and Glacier, where the Company maintain splendid resort hotels. These tickets are optional via the main line or Arrow Lakes route in one or both directions without extra charge. No expensive side trips necessary.

In addition to the "Trans-Canada Limited" exclusive sleeping car train, a choice of two other daily trains is offered, and as all are equipped with open-top observation cars through the mountains an excellent view of the magnificent scenery may be had.

Any Agent of the Canadian Pacific will be pleased to give further particulars and make the necessary arrangements for the trip.

Minard's Liniment for Dandruff.

PROVINCE OF ALBERTA CO-OPERATIVE CREDIT SOCIETIES.

The Provincial Government has provided legislation designed to encourage the co-operation of farmers by adequate credit, longer term loans, lower interest rates, cash prices for purchases, saving of time and labor, and an improved community spirit.

Increased Farm Credit depends upon:

- (1) Greater liability of loans.
- (2) Certainty of repayment.
- (3) Adequate powers of security.

THE ALBERTA CO-OPERATIVE CREDIT ACT, in its amended form, grants exceptional powers in the matter of taking necessary security, and thus repayment can be safely provided for.

Organization of a Society requires:—
I. Fifteen signatures to petition to incorporate.

IF YOU ARE INTERESTED AND DESIRE FULLER INFORMATION
COMMUNICATE WITH

HON. C. R. MITCHELL,
Provincial Treasurer.

II. Thirty members in good standing to start operations.

III. Each member to subscribe for \$100 stock on which he pays twenty per cent. in cash and twenty per cent. each year thereafter.

IV. Affairs controlled by Board of Directors.

V. Limited liability.
GUARANTEES of Municipal District and Government are given in accordance with terms of Act.

W. M. SELLER,
Supervisor Co-operative Credit Act,
Parliament Buildings, Edmonton.

Humble's Advice.

Addressing the drygoods section of the Retail Merchants' association at its convention, T. M. Humble, a well known advertising writer of Toronto placed emphasis on the value to merchants of newspaper advertising.

"Every reader of a newspaper is a possible customer," he said. Newspaper advertising," Mr. Humble continued, "costs less per actual thousand of people reached than any other form of publicity, not counting the prestige of your name appearing in a reputable newspaper. There never was a time in merchandising when newspaper advertising was more necessary or potent in its power to get business.

Newspapers are the safest, surest and cheapest means of reaching the greatest number of people.

No Legs, Lots of Kick.

If there is one line of business where advertising would seem to be not only unnecessary but a distinct liability it is bootlegger's.

Nevertheless, one of these gentlemen in Vincennes, Indiana, appeared to think otherwise. He used an old white mule in bid for trade. A sign for a stable, "White Mule for Sale," attracted the inquisitive. If they passed inspection they were told that another kind of a mule was for sale which had no legs but plenty of "kick." If a suspicious looking person appeared he was shown the actual mule, for which an enormous price was asked.

Binder Twine.

Binder twine on the prairies will be worth \$18.50 per hundred f.o.b. head of the lakes this year. That means from \$19.25 to \$26 to the farmer, depending upon his distance westward. This is a decline over last year but double pre-war prices.

It is estimated from the way orders are coming in that forty-five million pounds will be required on the prairies this year as compared with twenty-eight millions last year.

Couldn't Tell the Truth.

"You sing in a church choir and yet come to the court and tell so many lies that I wonder Almighty God does not choke you," said County Magistrate Brunton at Toronto to Fred Cameron, who was before him on a charge of not supporting his wife. The accused was allowed to go with a warning that if he did not support his wife he would be sent to jail.

Gen. Smuts Is Hopeful For Peace In Ireland

After a Conference With De Valera Think That Problem Is Capable of Solution.

London.—For the moment General Jan Christian Smuts, the South African premier, is the outstanding figure in the hoped-for peace settlement in Ireland. General Smuts has returned from that country where he engaged in conference with Eamon de Valera and other men of influence in the Irish situation and he declares his belief that the problem is capable of solution.

In his remarks at a dinner of the South African colony, Gen. Smuts, pleading for conciliation on the part of both sides, declared that a similar problem, equally difficult, had been solved in South Africa and that now South Africa was one of the happiest countries in the empire.

The Irish problem, said General Smuts, was one largely engaging the whole empire. It was a problem, however, on which he could not speak now, except to express the belief that it was soluble and that "if we all

help to create a better atmosphere and are determined to wipe out what is really a stain on the empire's record, we shall succeed.

"Therefore," he continued emphatically, "I think I am hopeful. I trust that the question will be solved and that thereby the British Empire will be freed from the imputation that in this ancient part of the United Kingdom there still exists a violation of the fundamental principles on which the empire rests. I say that the problem is soluble because I have seen it solved in my own country, under circumstances less embittered than in Ireland, but certainly of a very difficult character, too."

It was due in large measure to General Smuts' influence that the South African question of whether it should become a republic or remain linked with the Empire, was settled, and General Smuts of late has been giving much thought and study to the Irish problem.

Canada To Share In Reparations

Basin Likely to be on Expenditure of Country and Number of Casualties.

London.—The conference of Prime Ministers are grappling with the problem of reparations. Under the decision reached by the Supreme Allied Council, the Empire receives twenty-two per cent. of whatever Germany pays, fifty-five per cent. going to France and the balance to Belgium, Italy and the other allied nations. The task now confronting the conference is to fix a basis upon which the amount to be collected by the Empire shall be apportioned among its different parts.

This, it is being found, involves no little difficulty. It involved difficulty because a basis that might work advantageously for one dominion might prove unfair to another. Thus, for example, if loss of shipping were to be made the basis, the northern country, which suffered so heavily in tonnage, would get practically everything and the dominions nothing.

No decision was reached, but it is understood that it is not improbable that the amounts will be determined by expenditure and the number of casualties. This, it is believed, would be satisfactory to Premier Meighen as, in view of Canada's comparatively heavy sacrifices, both in blood and treasure, it would ensure the Dominion receiving a fair share of whatever amounts are paid over.

As to what amount it may be found possible to collect from Germany, that, of course, is an entirely different matter. Sir Robert Horne, chancellor of the exchequer, who addressed the conference on the matter, requested that his words be held confidential, but there is good reason for stating that he was not over sanguine of any great sum being realized.

Britain Is Gratiified

Express Appreciation of Services Given by Governor-General To Canada.

Ottawa.—A cablegram of appreciation of his services while governor-general of Canada has been received by His Excellency, the Duke of Devonshire, from the secretary of state for the colonies. The cablegram is as follows:

"His Majesty's Government have observed with great pleasure the term of high appreciation in which your services as governor-general of Canada are acknowledged in the address presented to you at the closing of parliament and in the speeches on the address made in both houses. They are much gratified to note the recognition in all quarters of your devotion to Canada and Canadian interests during your term of office and feel that you have thereby rendered notable service to the whole Empire. I should be glad if you will communicate this telegram to your government."

W. N. U. 1376

Sylvia Pankhurst Freed

Sylvia Pankhurst, recently released from Holloway Jail, London, after serving five months as a result of articles that appeared in her Communist paper, "Workers' Dreadnaught."

Economic Loss To Britain

Seventy Million Days' Were Lost Over the Coal Strike.

London.—Seventy million working days lost to the nation and £18,000,000 of extra expenditure incurred by the Government, are the official estimates computed in connection with the economic situation caused by the coal dispute.

The defense force army of reservists cost £70,000,000 and the railways claim \$9,000,000 against the State for May alone.

The emptiness of the State coffers is demonstrated by the surprise announcement in the House of Commons that a new and unlimited issue of treasury bonds at 97 and bearing interest at 5½ per cent. is urgently needed to meet obligations maturing in the next few months.

Three hundred million pounds of debts had to be dealt with instead of the one hundred million originally budgeted for. The new bonds will run for eight years, thus giving time for a gigantic fund operation at a more reasonable opportunity.

Farmer Leaders' Tour

Waiting to Learn What Dates Can Be Arranged With Hon. T. A. Cramer.

Toronto.—The tour of the Big Three farmer leaders is still up in the air. Premier Drury and J. J. Morrison have been waiting to learn what dates could be arranged with Hon. T. A. Cramer.

Today word was received at U.F.O. headquarters to the effect that Mr. Cramer could not promise any definite time as, but that he was making efforts to attend the Canadian Council of Agriculture, which opens its session in Toronto on July 26. If he is able to do so, the speaking tour will probably be made late in July or early in August.

Real Thrill at Calgary Fair.

Calgary.—Eight thousand people, the largest grandstand crowd of the present Calgary exhibition, were given a real thrill during the automobile races when a Mooney special, driven by Ureide Larson, threw a wheel when travelling close to 60 miles an hour.

The car ploughed through the dirt for 30 feet, while Larson turned a few somersaults but fortunately escaped unharmed.

Russia Wants Autos.

Paris.—Representatives of Soviet Russia have been feeling out the ground in trade circles in France with the view, they indicated, of placing orders for automobiles and other articles of commerce, but reports from commercial quarters are that they have met with little encouragement.

Census Returns Rapid.

Ottawa.—Returns from the census commission are coming in rapidly to the Dominion Bureau of Statistics according to a statement made by E. S. McPhail, assistant census commissioner. The census so far promises to be the most complete in the history of Canada.

My First Dog Driving

By O-GE-MAS-ES (Little Clerk).

(Copyrighted)

(Continued)

I also speedily adopted the naive dress which is infinitely the best for the north. A dark blue 3½ ell blanket cap, unlined, which came about halfway to the knee, and strange to say they were made without buttons but fastened with buckskin thongs and gartering. Then stout leggings, coming halfway up the thigh, made loosely and always with a fringe on the outside seam, white for every day and blue for festive occasions. These were always gartered firmly below the knee. Then best of all, a full-sized assumption belt of many colors which was girded about the hips and formed a great support and also made the costume much warmer. A huge pair of fur or moose skin mittens were always carried as a spare. These were fastened together by a long loose loop to go over the belt. Gloves or light mitts were used when running, but if caught in a storm or lost track the big ones were essential.

The first experience a tender foot has when turning is to sweat violently, and here the ordinary wool sock is but of little use, as it gets wet where you tread and is difficult and slow to dry. So I soon discarded them and adopted the oblong duffle or 'strond square, which can be dried in a minute or two at any stop and there are four changes, one in each corner of it. I still kept the legs of the wool stockings and simply cut the feet off.

There is another most important part of a dog driver's equipment, and that is the whip. The ordinary husky is as cute as a fox and quite often as wicked as a bear, so his respect for his driver is governed by the latter's ability to punish. A good whip is made of plaited deer skin thongs over a round heart, which is loaded with soft tapering in size. Four, six or eight thongs are used according to taste. First-class whip makers were famous and found a ready sale for their whips practically at their own prices. The handle was of hardwood, sixteen to twenty inches long, and loaded at the head. This was useful as a weapon if the dogs attacked you. Well, I have described the whip to the best of my ability, but how to use it is quite another matter. What hours I spent in practicing, and after some years did attain a certain measure of success, but was never a crack by any means.

It was a fearsome sight to see Johnny Ellis, who was thoroughly experienced by the conduct of his team, applying the whip. Upsetting his flat sleigh and placing his foot on the trace he would proceed to lay the culprit whose yells could be heard for miles, while his mates would join in for sympathy. At every stroke the hair would fly from the shoulders to the hips. The Russian Knot could

not have been much worse. The whip, however, was not brutal, but a club was, and I have often interfered when the latter was used. Fortunately my own team were so willing and high-spirited that a whip was not necessary. Sired by a Scotch stag hound, their mother a husky, they all took after the father in disposition, and were the only first-class team I was ever lucky enough to own. The whip, however, was always necessary at feeding time to protect your own team. Two whitefish was the day's meal for each dog and this was his breakfast, dinner and supper all in one, for as a rule dogs were never fed in the daytime; though with my fast travellers, especially when alone, I found a small quantity of dried or pounded meat very helpful in the middle of the day. These fish were carried frozen and were thawed at night before the camp fire. They are stuck through the tails by a stick called the spede, which was useful to carry them by. Feeding time arrives and the dogs consisting of two, three or four teams, have been watching the fish at the fire closely. You call your own dogs, all the men being a little distance apart. My dogs were delicate and did not bolt the fish in two bites as Brandy would. Accordingly an attack would be made on my team by the other dogs every night, and at first I would yell for assistance, much to the amusement of the other drivers.

And so the days went on. Post after post was visited by the factor until we were homeward bound for Fort Ellis, making the last camp at Riding Mountain House with some sixty miles to go. The iron factor still kept me ahead and descending a hill, a brand caught my snow goggles and whirled them into space. No one could find them, so we went, and consequently I was laid up for a day or two with a severe attack of snow blindness which is most painful. The naive cure is to steam the eyes over strong black tea and poultice them with the leaves.

Speaking of pains in one place which are dreaded by dog drivers, I was camping later on that winter with Johnny Beads at the Qu'Appelle River en route to Fort Pelly, and after we had made our camp he took his blanket and axe and started for the ice. I watched him with interest as he steadily chopped for half an hour and at last struck the water which, as usual, rose to the top. He then stripped off his moose skin pants and moccasins and held his leg in the ice water right up to his middle for over five minutes. Then, wrapping his blanket round him, he came tearing up through the snow barefooted to camp. "What have you been doing in the ice?" asked the man. "Oh, I had a pain in my leg and that is the best cure!"

Airships For Forest

Two "Blimps" Will Be Used in the Lake of the Woods District.

Camp Borden, Ont.—Two airships of the blimp type were shipped recently to be used by the Keweenaw Lumber Company in the Lake of the Woods district. Under the direction of Lieut.-Col. Mulock, D.S.O., formerly of the naval air service, they will be used for forest patrol work, as well as aerial photography. They are being loaned by the air board so that reports on their capabilities may be made by the company.

Give your local merchants a chance. Buy at home.

Amundsen Will Sail For North Pole

New York.—Captain Amundsen is going to try and drift across to the North Pole. Arriving here after his rescue from the Siberian coast, the Norwegian explorer was quick to say that he would repair his damaged ship *Maud*, and go north again next summer to freeze into the polar flow and start his Arctic drift, which he expects will take five years.

Reclaim Land in B.C.

Work Will Be Carried On By British Columbia and Idaho Governments.

Victoria.—Reclamation of 100,000 acres of agricultural land in the Kootenay Flats, one-third of which is in British Columbia and the balance in Idaho, was discussed at a conference here between Premier Oliver, John T. Pattullo, minister of lands, and Governor Baker, of Idaho, and W. G. Swenson, of the Idaho reclamation commission.

It is expected the reclamation work will be carried on jointly by the British Columbia and Idaho Governments, but Ottawa and Washington will have to be consulted.

Bush Fires in Ontario.

Toronto.—Although bush fires are being in dozens of places in Northern Ontario on both sides of the Temiskaming and Northern Ontario Railway east and west of Cochrane, no great conflagration has developed as yet, due to the fact that there has been no wind to speak of. Reports from the north agree that if a stiff wind springs up before rain comes to extinguish the flames, no section of the settled part of the north country will be free from the menace of fire out of control.

A New Shipment of CORSETS

Has just reached us, and
some of the lines are as
low as—

\$1.00 a Pair.

Come in and look them over.

SOFT DRINKS.

Big Liberal Meeting.

The big meet, so far in the political campaign, was held in Ducholke's Hall Saturday night in the interests of the Liberal candidate, Mr Jacob Miller.

Mr H Ingraham was chairman, and with him on the platform were Hon Frank Oliver, R E McLaughlin, and Mr J Miller.

Mr McLaughlin was the first speaker, and gave a very good explanation of the issues on which the present campaign is being fought. He dealt with the resources of the country, and spoke on the debt of the Province, showing that, where expenditures have been made, these expenditures were amply justified. Regarding the Government phone system, in answer to a question, he gave

the testimony of experts that the system was worth, and could be sold for, much more than what it had cost the Province.

Mr Miller explained his policy, and urged those present to support a Government which had given entire satisfaction during the period in which it has been in power.

Hon Frank Oliver spoke at considerable length on Federal issues, and paid a high tribute to his late leader at Ottawa, Rt. Hon Sir Wilfrid Laurier. In turning to provincial politics, he dealt with the platform of the Farmers' Party, and, reading from a manifesto issued by this party, attempted to show where stress was laid on the matter of organisation rather than on principle.

At the close of his remarks, he was taken to task by Mr Welborne on several of the

Tuesday's Meeting.

At Ducholke's Hall Tuesday evening the meeting called by the Farmers' Party turned out to be a sort of free-for-all to those engaged in the present campaign. The Farmers' being shy, a few speakers, after Mr Fennimore had given an excellent talk on the Farmers' movement, Mr Ghiselin went to bat and put over a few for the Liberal candidate.

Mr Cox was allowed to make a speech, and spoke on behalf of the Conservative party and its candidate, Mr Lundy.

Mr M Zucht, on rising to make a remark, was invited to the platform, and gave several instances of how prone farmers are to "lay down" when doing road work for Government pay.

The bigger part of the audience seemed to be in good spirits, and took all the remarks good naturedly.

Mr Klapper gave a fine demonstration of the dual-purpose platform artist, combining the duties of a chairman and orator in a very charming manner.

Mr Louie Goebel, also, was present, and had something to say.

It is pretty well conceded that the Farmer candidate will make a good showing at the polls. Since the result of the Medicine Hat by-election has seeped in, the farmers certainly have been feeling their oats; and if their determination and enthusiasm keep up, fears are entertained that they're liable to run away with the band-wagon on Election Day.

Those Nominated.

Nominations of candidates for Stony Plain Constituency were held in the Town Hall on Monday last, before F J Francey, Returning Officer. The following were nominated:

DAN BROX.
F. W. LUNDY.
JACOB MILLER.
W. M. WASHBURN.

statements made. In a long, rambling speech, Welborne dealt with historical subjects and gave a vivid description of the political situation during the period immediately following Noah's regime. In closing, Mr Welborne bade farewell, politically, to Mr Oliver, with whom he had been associated for several years. Mr Welborne took strong exception to the interpretation which Mr Oliver had given to some clauses of the Farmers' platform, and he explained these from the view point of the Farmers' Party man.

The meeting closed by singing the National Anthem.

All Straw Hats

STILL CLEARING AT ONE-THIRD
OFF---ONLY A FEW LEFT.
